

# Save money & Spread the Cost

On a new bike  
or e-bike

On a bike and  
accessories

On just cycle  
accessories & parts

Visit [BHNExtras.co.uk](https://www.BHNExtras.co.uk) to log in or create your free account and start your Cyclescheme request.

## What is Cyclescheme?

It's the employee benefit that helps you cycle to work.

**You get the new bike, e-bike and/or cycle accessories of your choice without paying a penny upfront.** So, you can say goodbye to car and public transport commutes – and hello to a greener, healthier and happier way to travel.

## How does it work?

1. Visit a Cyclescheme partner store (instore or online) for advice and/or to build your bike package then make your application.
2. Once approved, access your Certificate and redeem for your new bike and/or accessories.
3. Your Hire Agreement will start with tax-efficient, interest-free repayments taken from your salary.
4. Once all repayments are made – choose the Ownership option that suits you.

## Where can I shop?

You can shop with Cyclescheme in over 2,600 bike shops across the UK. This includes independent stores, national chains, online retailers and direct with brands. See the full list at: [cyclescheme.co.uk/retailers](https://cyclescheme.co.uk/retailers).

## How much can I save?

Your exact saving depends on factors like your tax rate and the way your employer runs the scheme. Use the Cyclescheme calculator to see how much you could save: [cyclescheme.co.uk/calculator](https://cyclescheme.co.uk/calculator).
